

Remarks/Arguments:

The Examiner has rejected claims 1, 4-14, 16-17, 27, 30-32, 35-41 and 41-50 under 35 U.S.C. § 112, first paragraph.

It is respectfully submitted that the disclosure is entirely enabling since a worker skilled in the art could not only build the equipment but could utilize it in the manner prescribed without undue experimentation. In addition, applicants have amended claim 1 to overcome the rejection noted below but more importantly to include the phrase "whereby a user can use said means for recycling to . . . " thus reciting a positive structural element in the whereby clause. In view of the foregoing it is respectfully submitted that rejection of claims 1, 4-14, 16-17, 27, 30-32, 35-41 and 43-50 under 35 U.S.C. § 112, first paragraph is not well taken and should be withdrawn.

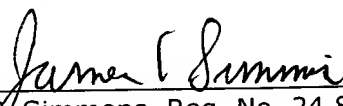

The Examiner also rejected claims 1, 4-14, 16-17, 27, 30-32, 35-41 and 43-50 under 35 U.S.C. § 112, second paragraph. Applicants have amended claims 1, 4-6, 9, 14, 27 and 50 to replace the term multi stage condenser with the term "heat exchanger" which is consistent with the specification. In view of the foregoing amendments it is respectfully submitted that the rejection of the claims under 35 U.S.C. § 112, second paragraph is not well taken and should be withdrawn.

Applicants further submit that in view of the amendments to the claims 1, 4-14, 16-17, 27, 30-32, 35-41 and 43-50 they are allowable since they would comply with the suggestion of the Examiner contained on page 4 of the Office Action.

In view of the foregoing it is respectfully submitted that the application is now in condition for allowance and an notice to that effect is earnestly solicited.

In view of the fact that the above-identified application is under Final Rejection should the Examiner believe a telephone interview can clear up any outstanding issues leading to allowance of the application, she is invited to call the undersigned collect at 610-530-8100.

Respectfully submitted,

James C. Simmons, Reg. No. 24,842
